JONATHAN BYERS

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a tech company with a global reach.

WORK EXPERIENCE

Software Engineer at 100devs, Remote

May 2023 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Hip Coffee Co (Fullstack Web App) – Cashier can take coffee orders from customers with their names. Baristas can login to the app and see orders that have been made, mark them as complete. Orders that have been completed will note which barista completed the order.

100Hours Project –

Other Projects: Spectal Salon, a fully responsive and modern website for an on-trend full-service salon, Atl StarGazers Society Web App with NASA API integration, On-demand background color changer for Partnered Twitch streamer, and many more.

Full Stack Web Developer at Morgan Stanley | Atlanta, GA

September 2004 — April 2023

Created full stack web applications and static websites, gathering requirements, and designing web-based reporting solutions for managing client's assets.

- Generated individualized asset allocations and performance reports for high-net-worth clients. These custom reports fill gaps in the firm's systems and enable the team to monitor a client's current assets versus stated targets.
- Worked with DevOps in onboarding applications on firm production systems.

Field Computer Technician - Web Developer at BetterBytes | Atlanta, GA

January 1999 — Present

Deliver on-site computer troubleshooting and create full stack web applications and static websites for different clients across individuals and small businesses.

VOLUNTEERING

YearUp | Atlanta, GA

March 2018 — Present

Serve as a mentor to students going through their tech career development program.
